LWML-Kansas District:

It is with joy in my heart that I send you this letter of thanks and praise to God for you and your kindness in helping people who are Blind or Visually Impaired.

I am also excited because this is my first letter of thanks as I have just arrived from Minneapolis to fill in until Rev. Stueve's replacement is chosen by the Board of Directors in March. As chair of the Board of Directors, I want you to know how important you are as a donor for Lutheran Braille Workers.

It has only been the second week that I have been working here with a great, talented, and dedicated group of Christian employees. They work hard in each of their perspective positions - most have more than one responsibility to make this great organization work.

And, because of people like you, Blind people all over the world are benefiting by being able to read and own a Bible in Braille or Large Print in their own language.

As we look towards the future, there are many opportunities ahead of us. There are possibilities of expansion within India through an LBW Board Member's family mission. We are looking at expanding into more languages and formats to reach more people with the Gospel. Please pray for these, and other plans, to happen.

So again, thank you so much for your financial help and please continue helping and praying for LBW and all the people who are Blind or Visually Impaired throughout the world.

God's Blessings,

Carol M. Zemke, Interim President/CEO
