All Societies have a review date scheduled. Please send in your current Bylaws for review during the months you are assigned. The Review Team will review your document and return it with suggested changes. Please help Organizational Resources by sending your Bylaws electronically to Organizational Resource Chairman Ruth Stice until the 2018 District Convention in Hutchinson (April 2018). The new Resource Chairman will be listed on the Kansas LWML.org website.

Please send in the Bylaws to be reviewed as soon as possible to allow the team time to review and return before the next zone sends in their Bylaws.

After the review process is complete, please send a final electronic copy to the Organizational Resource Chairman for filing. Organizational Resource Chairman will send an email with the approval information. Please attach the email to your document to help you track when your bylaws need reviewing again. Each Zone will have the same schedule. For Example: Manhattan Zone will submit their Bylaws in July of 2020 for review. The next review for Manhattan Zone will be in 2022 in July.
